Metal Look

coconutIdentityCard.app

coconutIdentityCard

- Erkennt die Seriennummer
- Ermittelt wo & wann hergestellt
- auch iPod & bel. Apple Geräte
- Diebstahlüberprüfung
- Download:

<http://www.coconut-flavour.com>

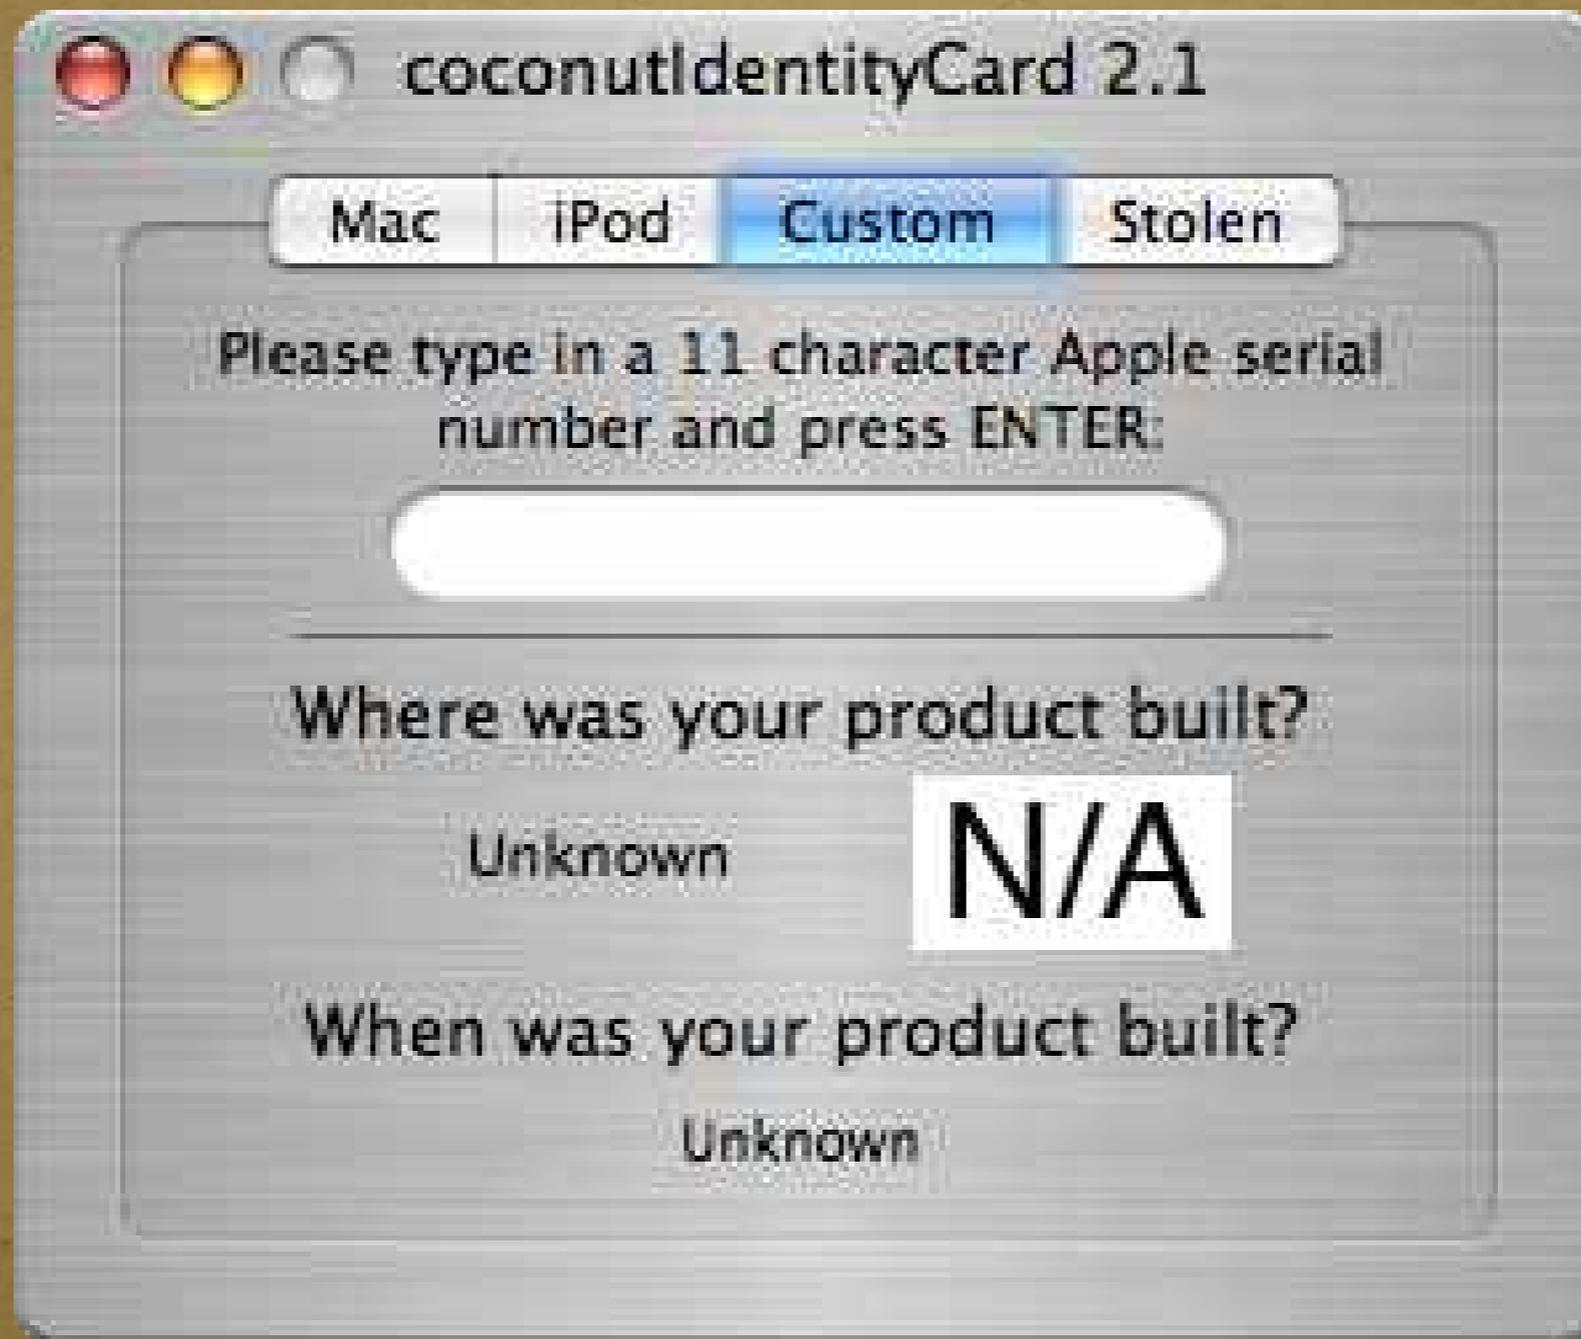

Nach dem Start

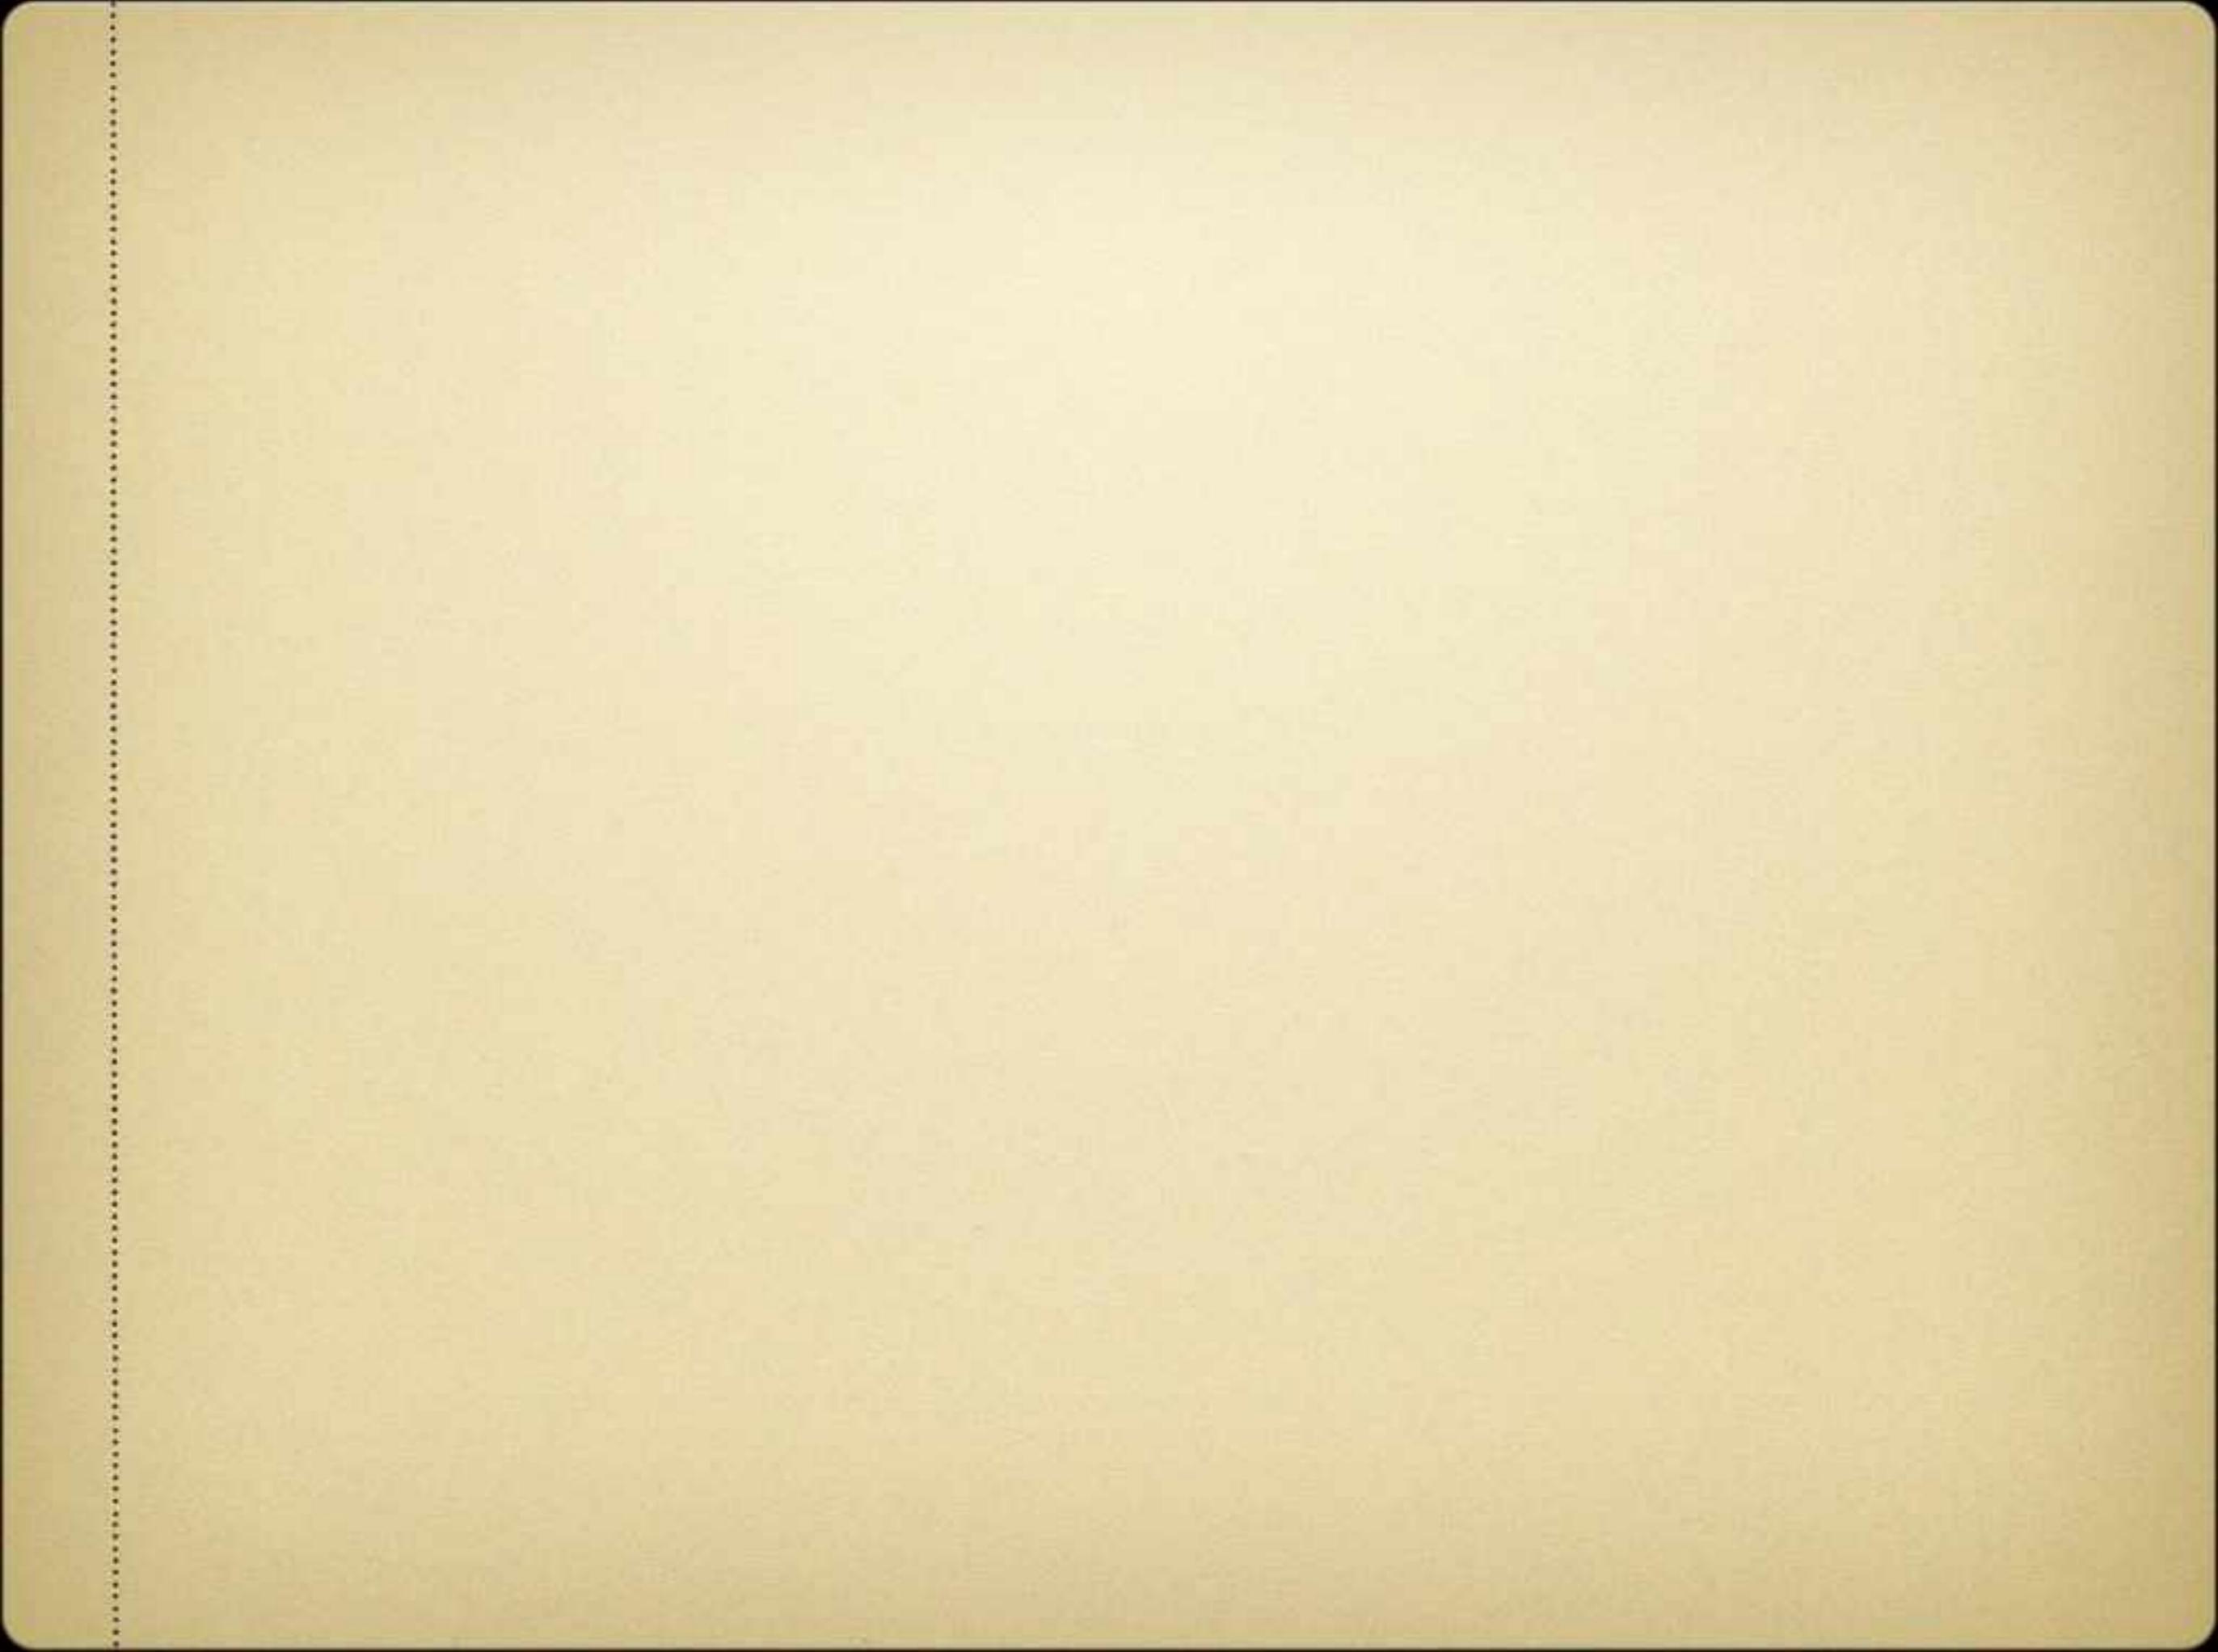

... den iPod ...

... und jeden
anderen Apfel.

Ist dies ein
gestohlener Apple?

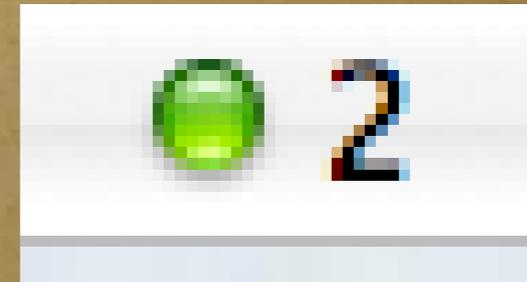

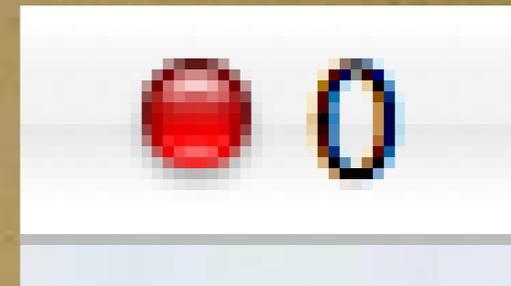

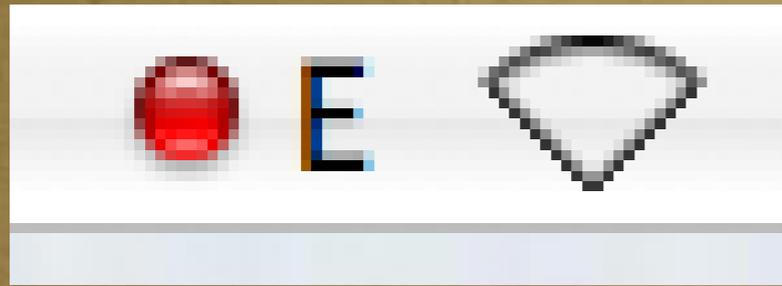

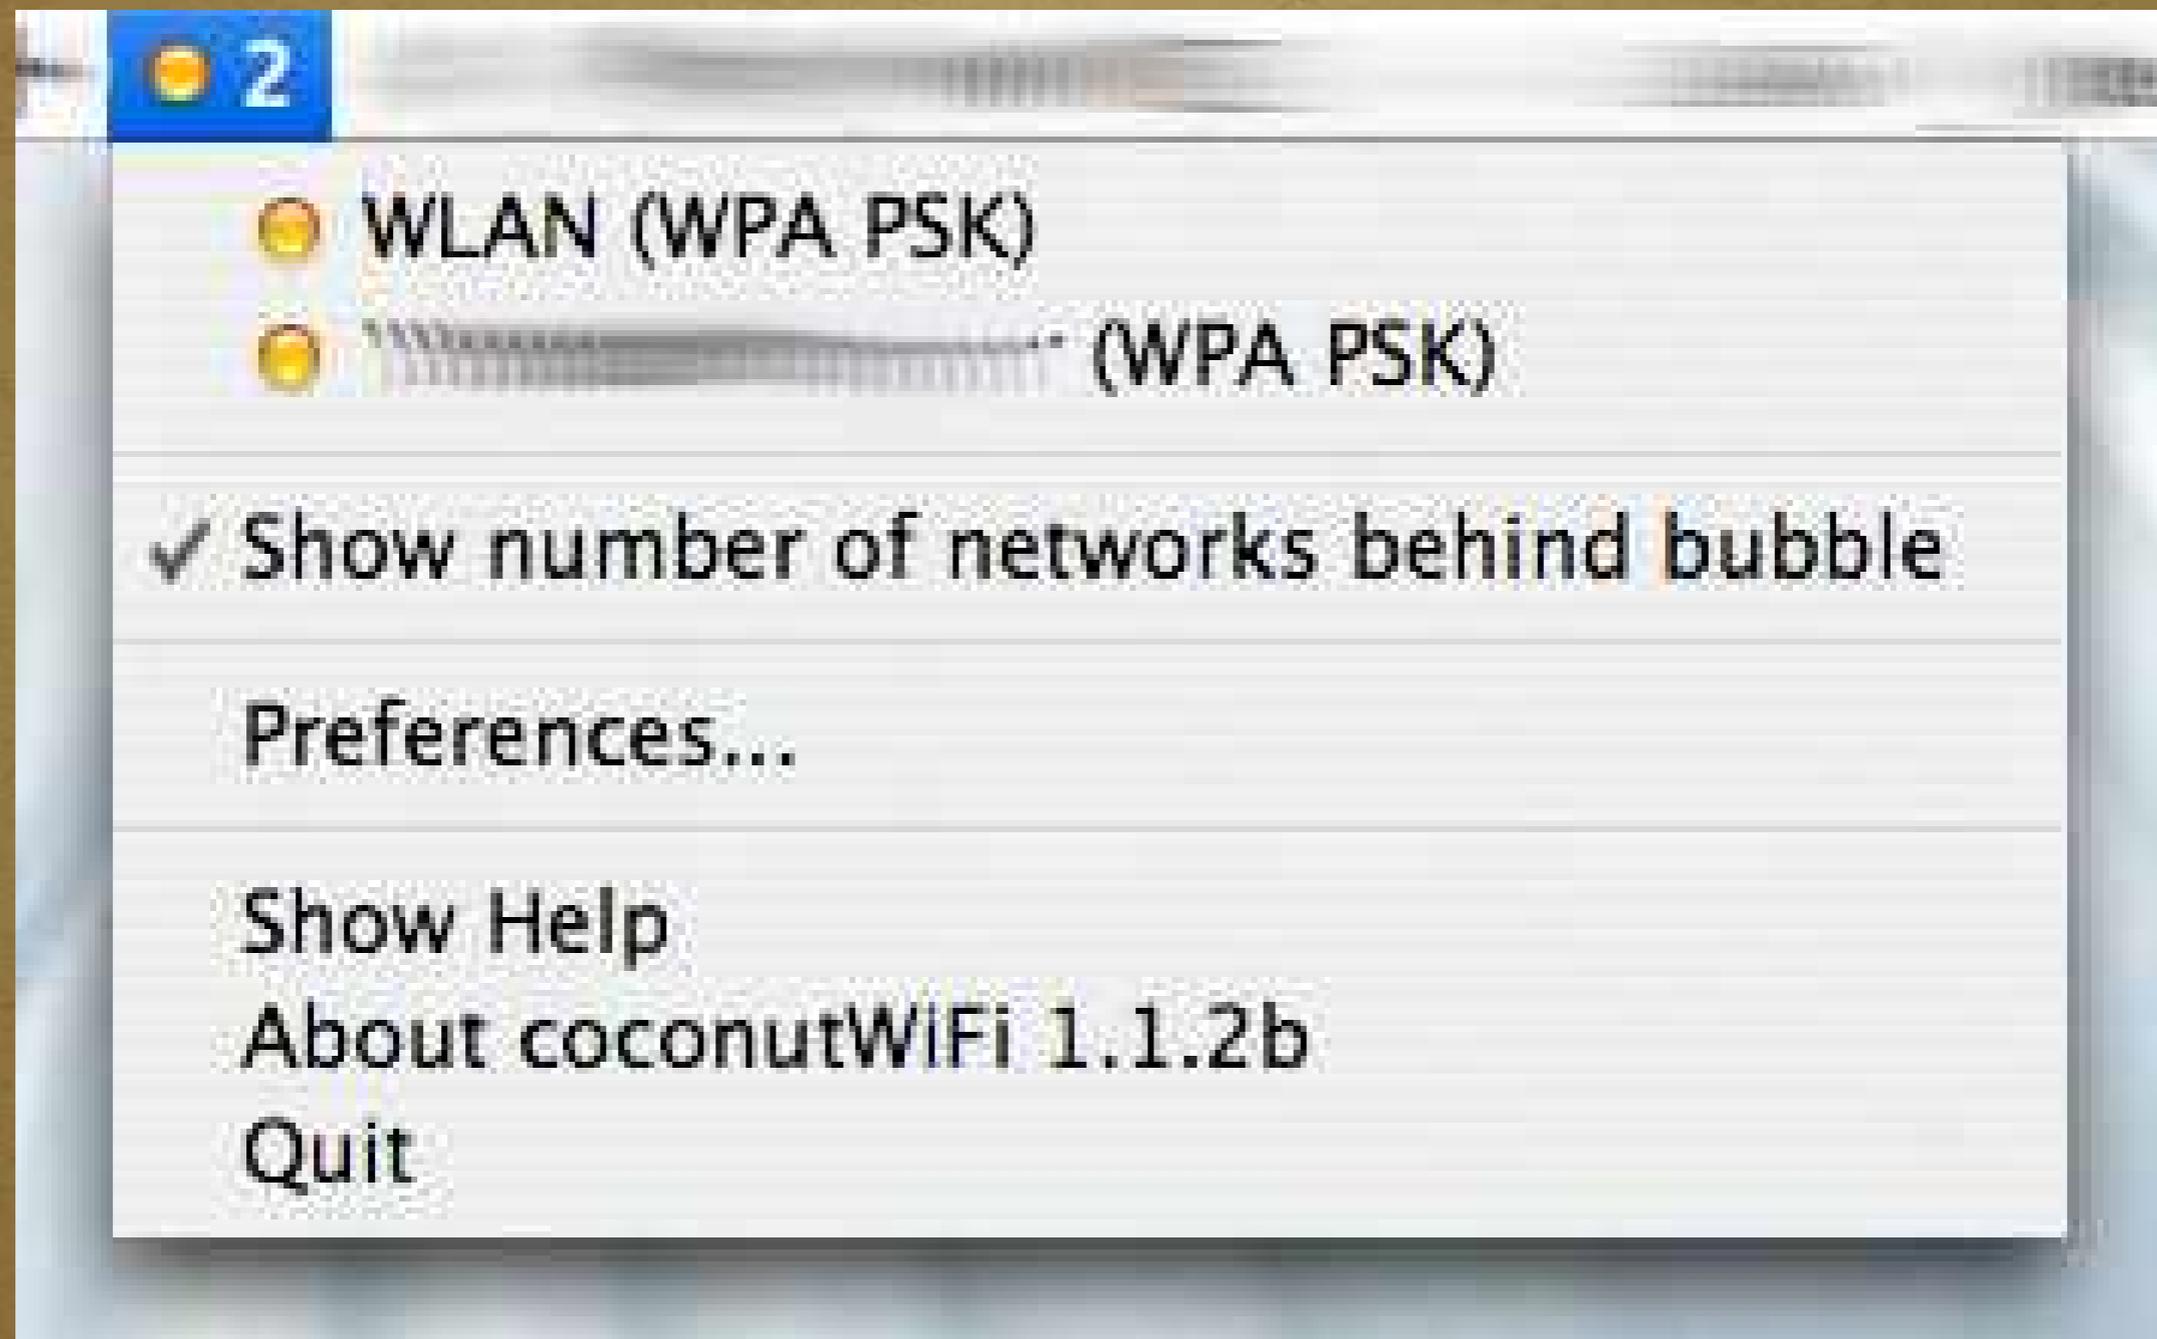

coconutWiFi

- zeigt Anzahl der verfügbaren und “sichtbaren” WLAN
- zeigt Art der Verschlüsselung
- zeigt die öffentliche SSID (Service Set Identifier)
- Download:
<http://www.coconut-flavour.com>

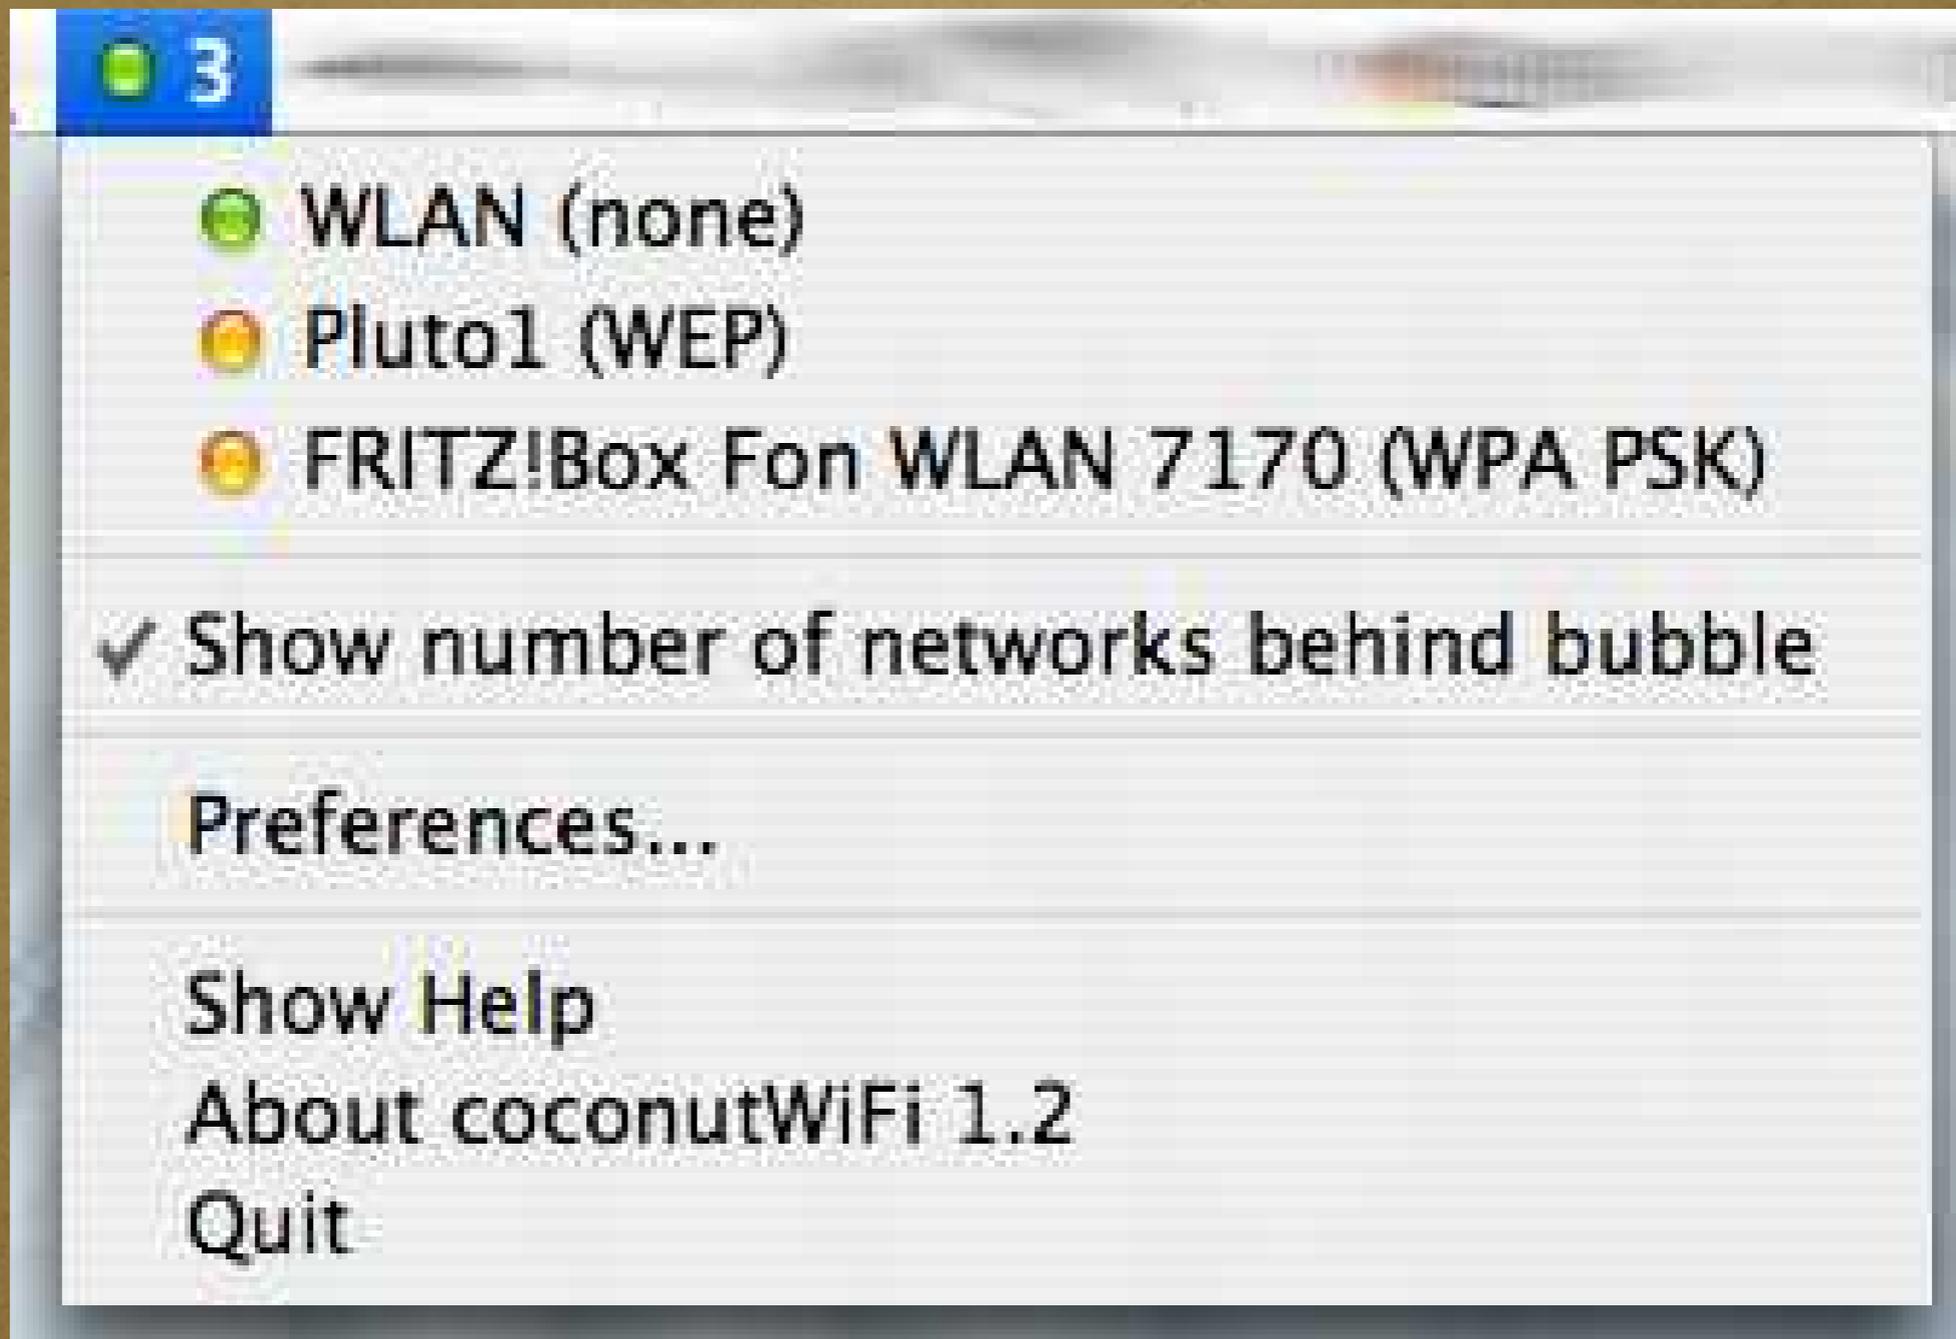

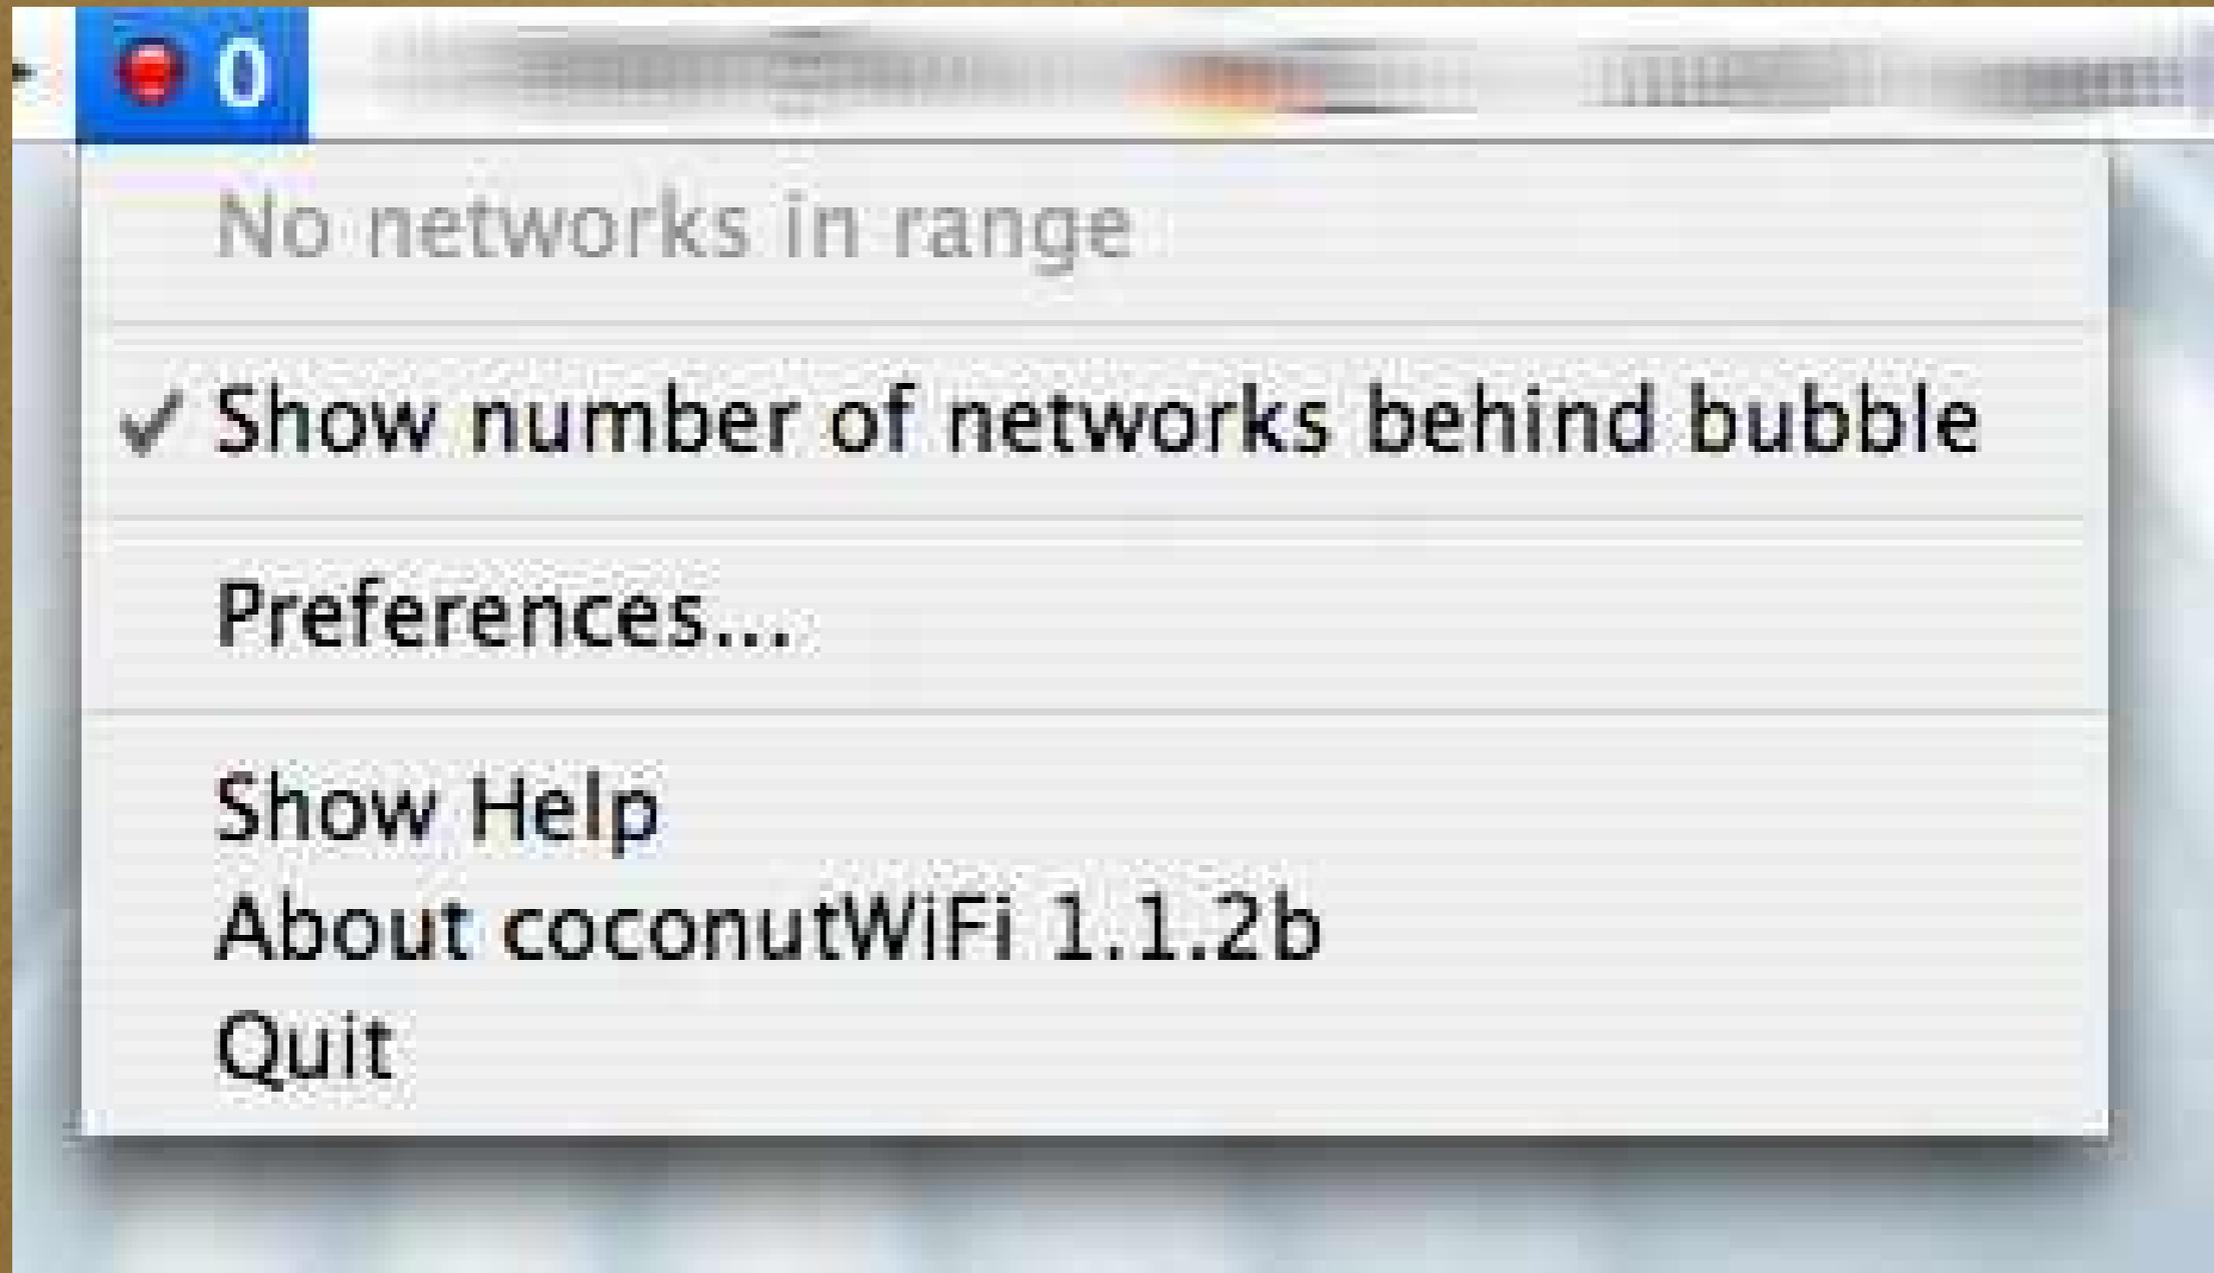

Nach dem Start
in der Menüleiste

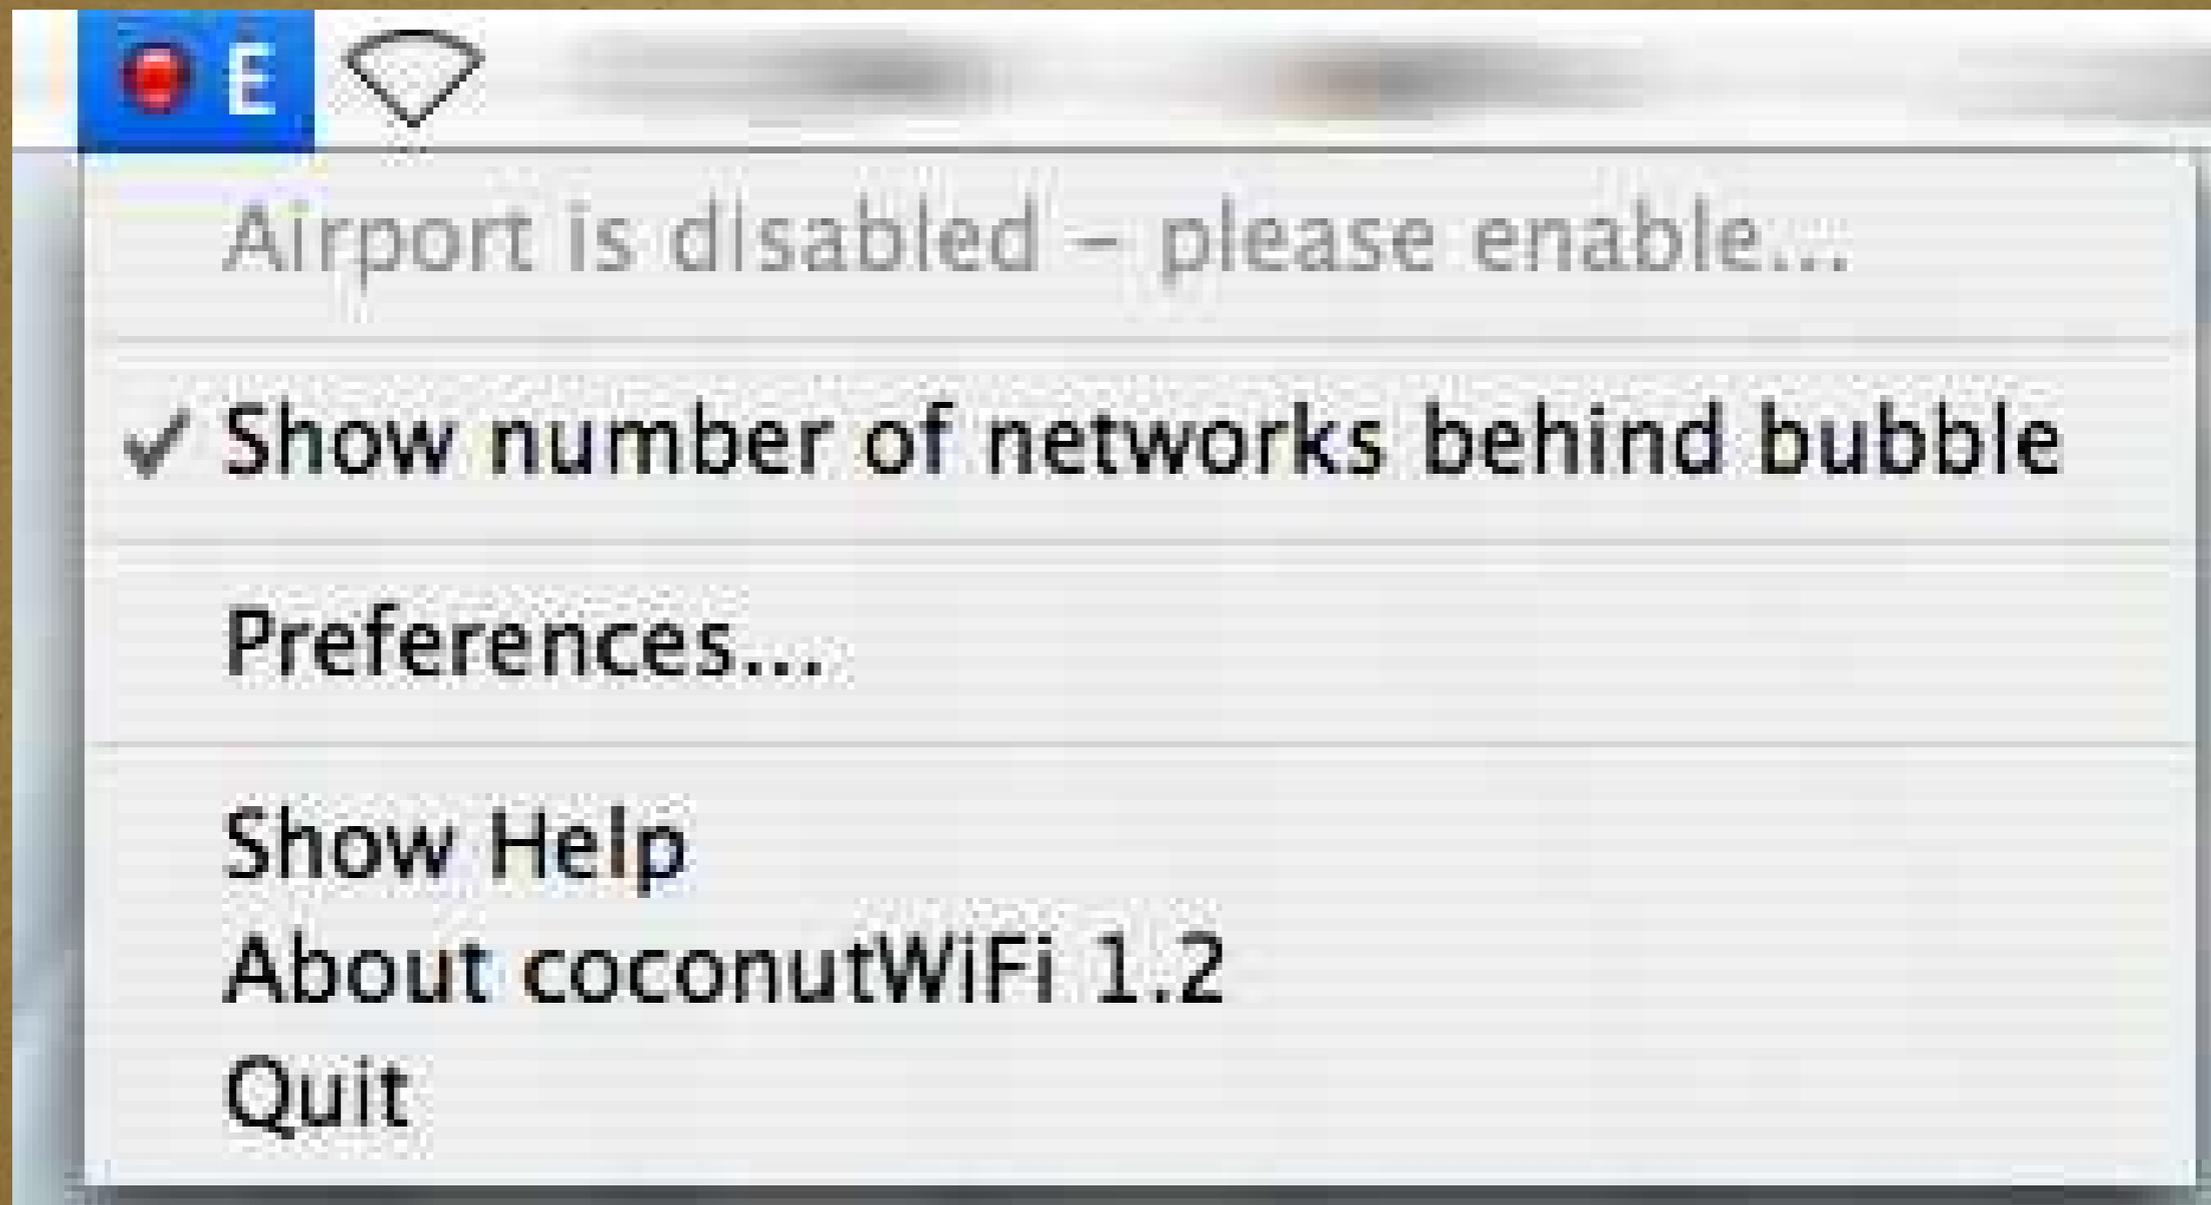

Netzwerkansicht & Menü

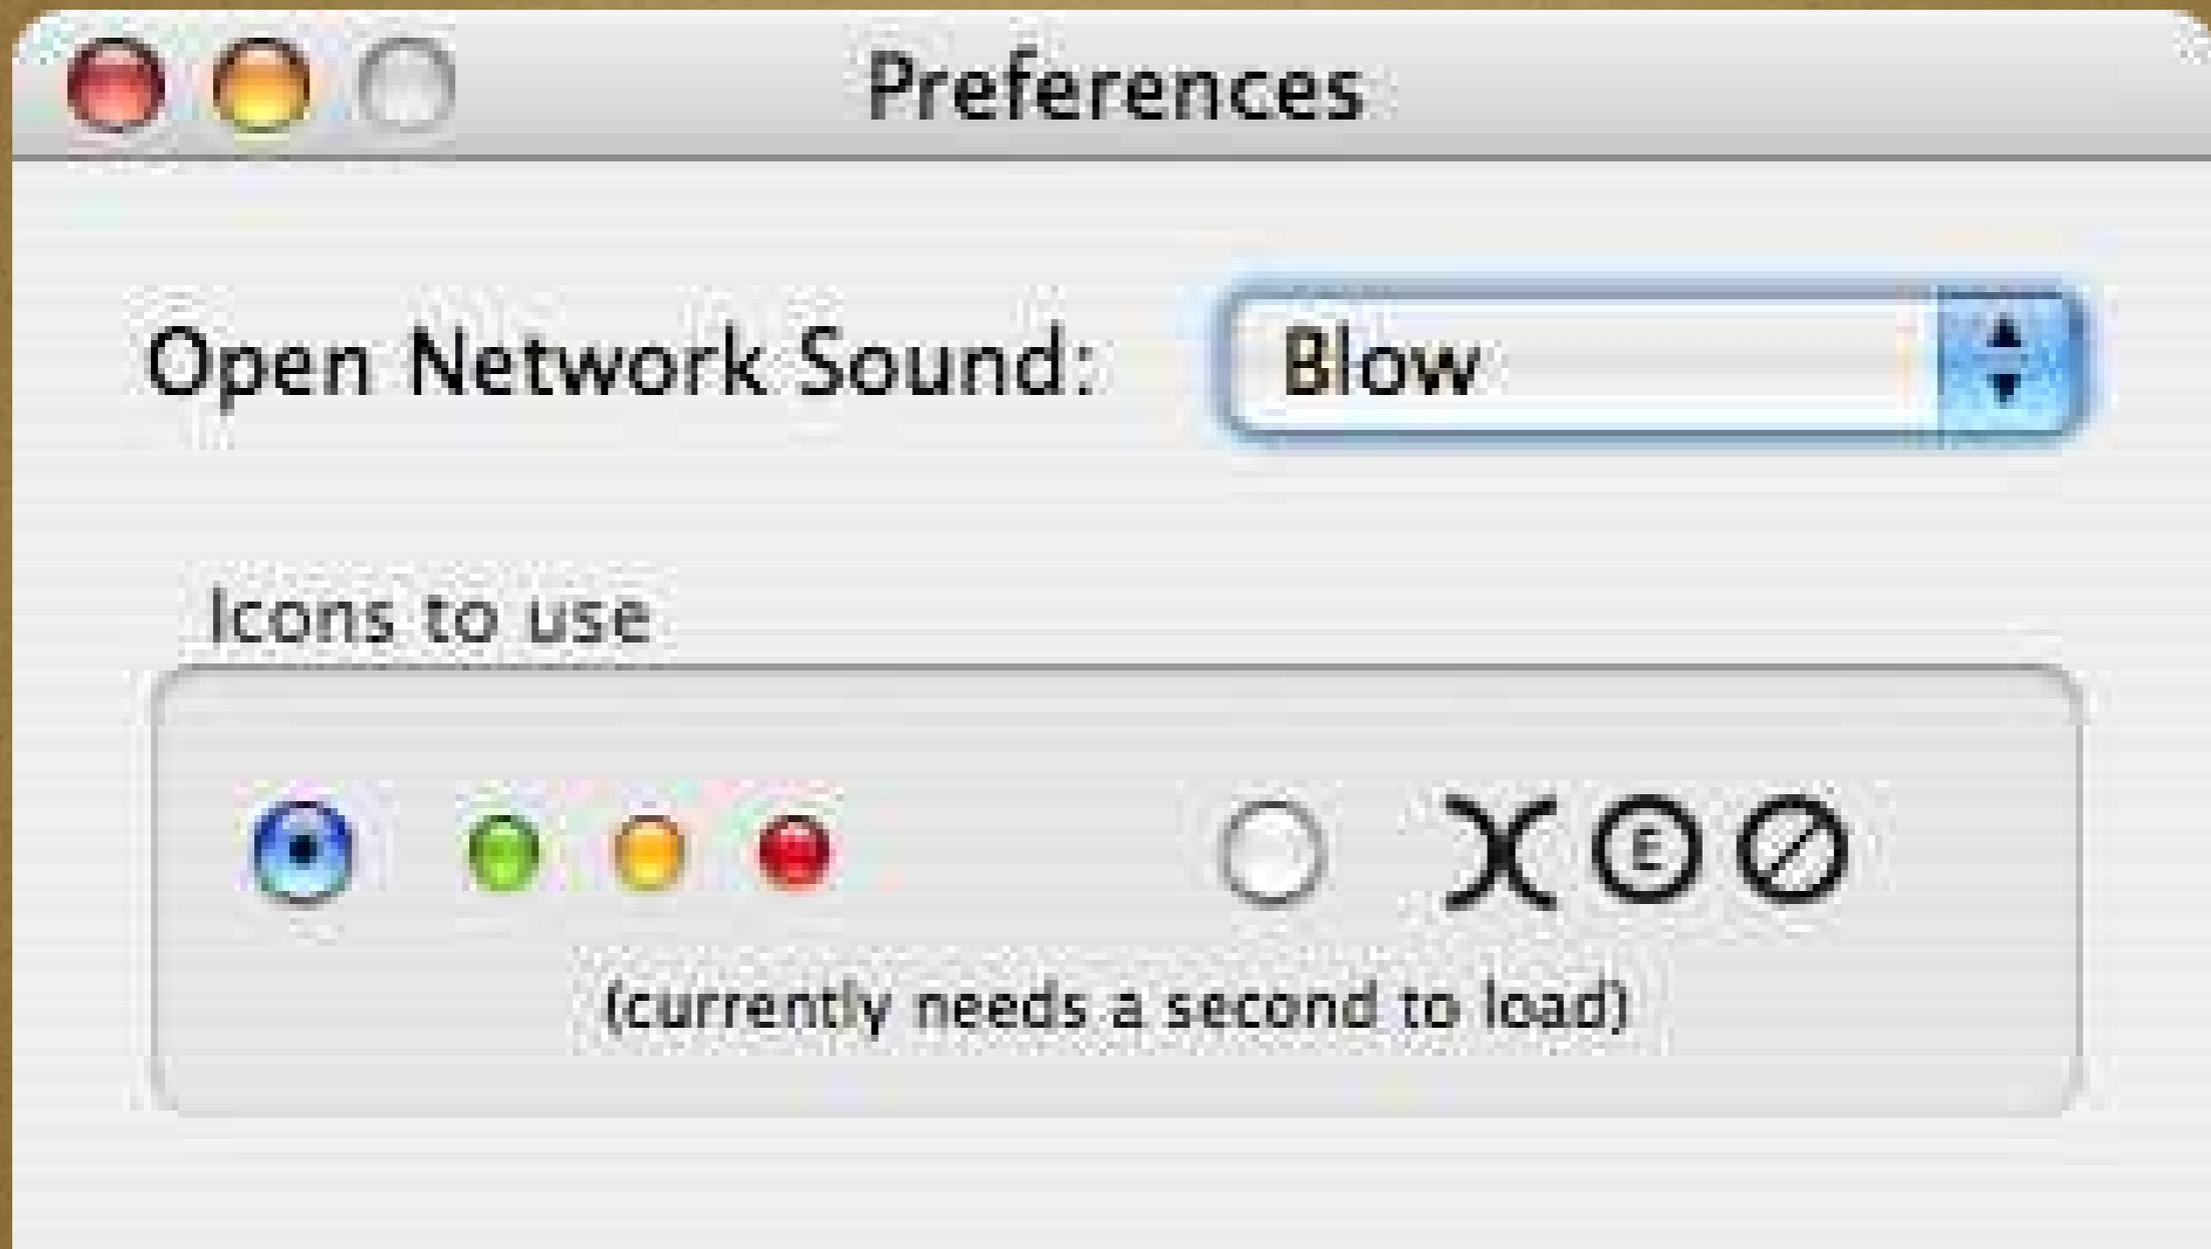

Netzwerkansicht & Menü

...kein Netz
verfügbar.

Bei deaktiviertem
AirPort/WLAN

Einstellung

Das Ende...

...ist nah. ;)
